EASYPACK KITCHEN**Kit di fissaggio al muro / Wall mounting KIT**

In alternativa al fissaggio del canale in appoggio sul top cucina, è disponibile il Kit regolabile di fissaggio al muro. Questo permette di agganciare il canale EasyRack Step o Flat indipendentemente dalla cucina. Le basi verranno in seguito semplicemente accostate e agganciate al sistema mediante l'apposito Kit di ancoraggio.

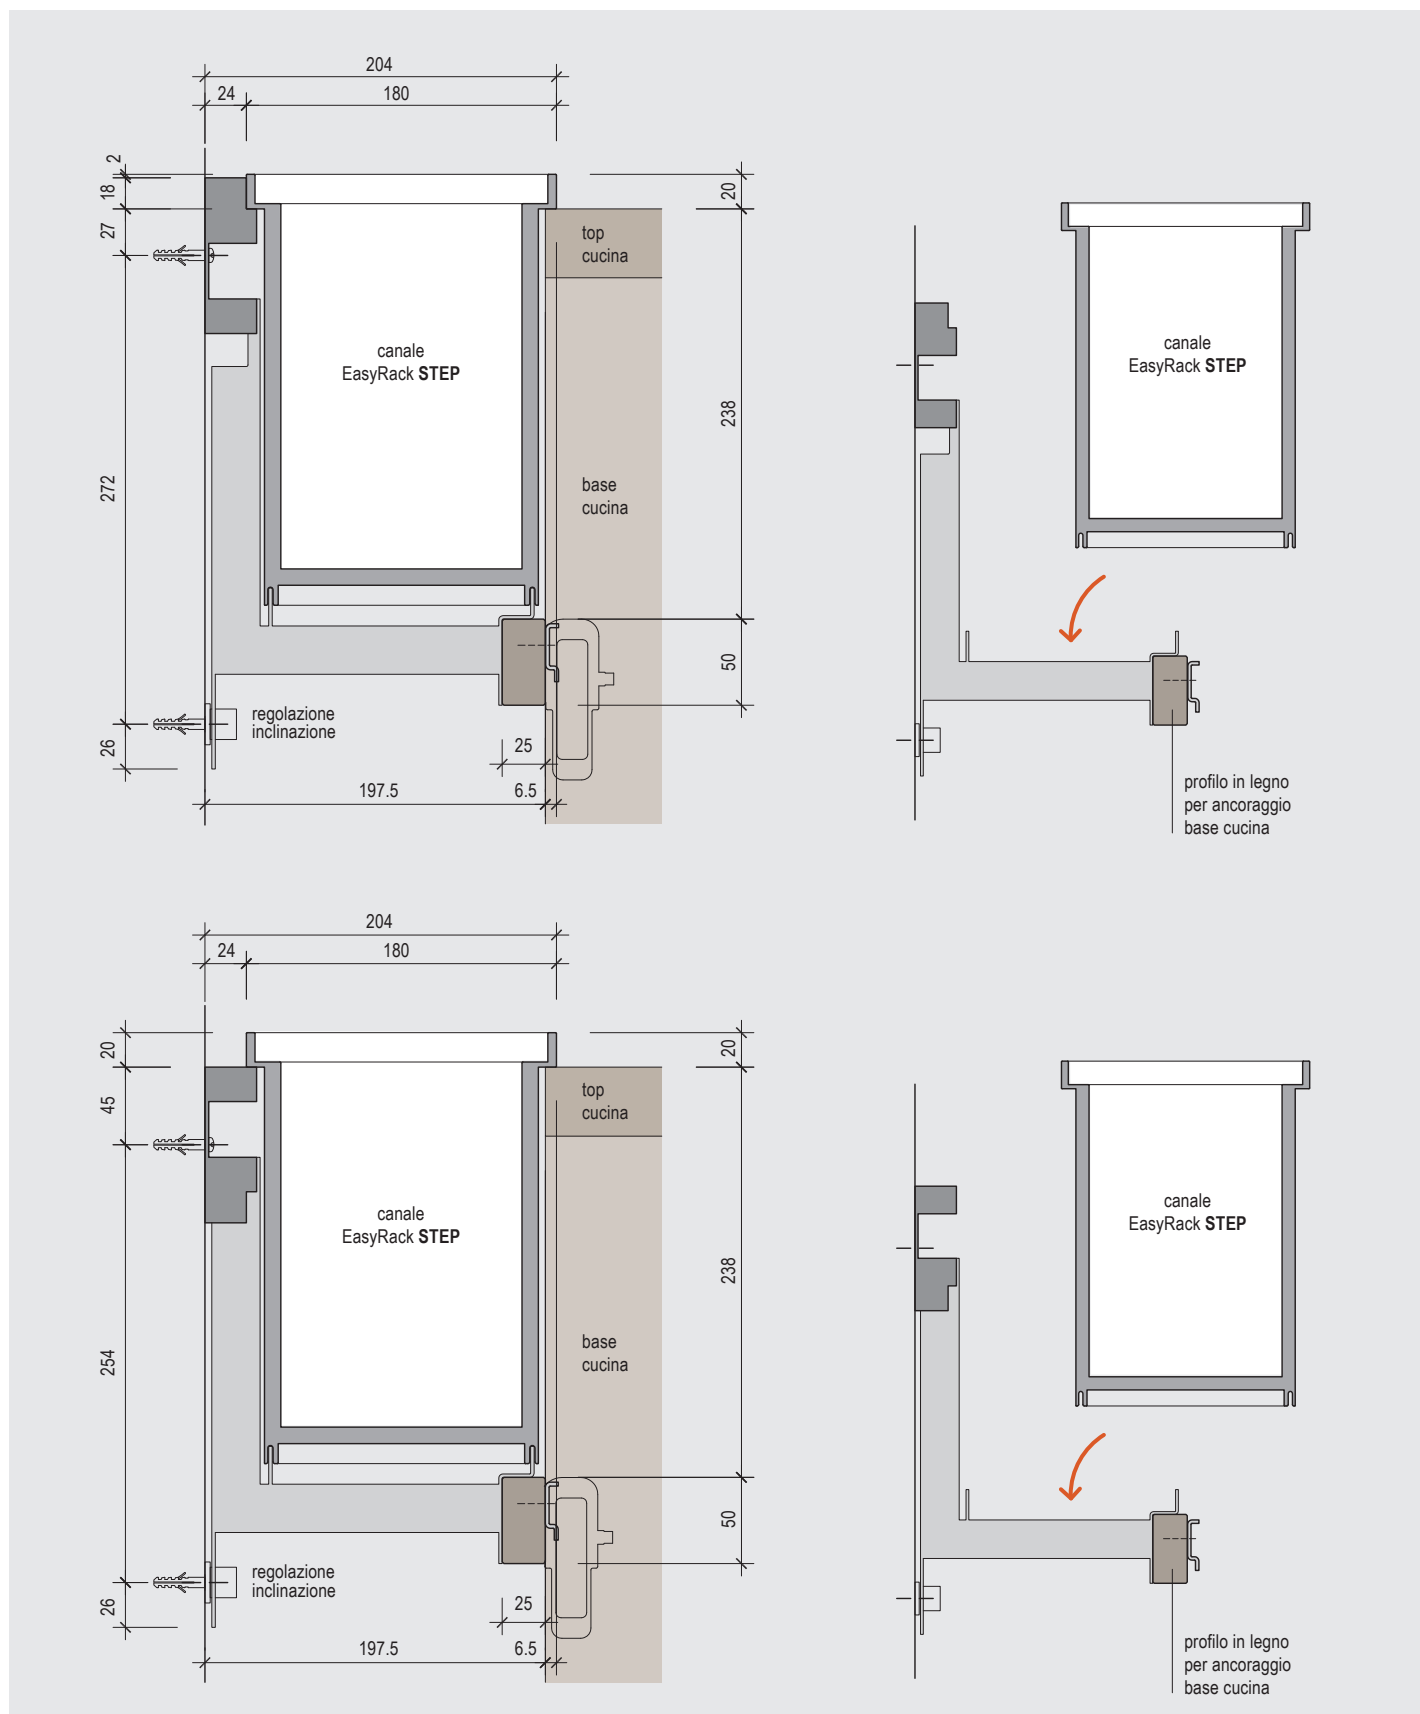

As an alternative to the traditional kitchen top fixing, it is available the wall adjustable kit fastening. This allows you to hook EasyRack Step or Flat regardless of the kitchen. The bases unit will then simply pull over and hooked to the system using anchoring kit.
